Re: Speed Limit Change On AL-25

Dear Mayor Cooner:

The Alabama Department of Transportation at the request of the city has reviewed the speed limit along state route 25, from US-82 to the north city limits. ALDOT recommends that the 45mph zone on State Route 25 be extended north to 200 feet north of Sherbett Ave and from there to the north city limits be reduced to 50mph from the current limit of 55mph.

Attached you will find a copy of the speed ordinance that has been modified to reflect the changes listed above as well as any changes caused by changes in route names, or city limit location. Once everything has been signed by both the City of Centreville and the Alabama Department of Transportation, you will receive notification of its approval and state forces will then install/relocate speed limit signs to be in compliance with this speed ordinance.

Please send a signed copy of the attached speed ordinance to the address shown below.
